PRODUCTO: Peeling Gommage

REF:13IB44

FORMATOS: Jar 500 ml

FACIAL LINE

DESCRIPCIÓN

Suitable for deep cleansing of all complexion types. It peels away the excess of dead cells and waste products from the sebaceous and sudoriferous glands. It stimulates the cell regeneration of the cornea layer while having a decongesting effect on the skin.

PRINCIPIOS ACTIVOS DESTACADOS

Kaolin. The white clay of kaolin is a much-used component in cosmetics since it absorbs moisture, adheres to the skin and has a smooth texture. Kaolin is also used in many facial packs to protect against excess fat and acne, absorbing excess fat, secretion and grime, decongesting and cleansing the skin.

Kaolin is also a highly effective deodorant when used as a talcum powder, absorbing excess perspiration and eliminating unwanted odours.

Avena sativa. The common oat has multiple uses in cosmetics, being especially useful in cases of sensitive or irritable skin with a tendency for eczema and other allergies. It contains abundant mineral salts and essential trace elements such as phosphorous, zinc, magnesium, iron, copper, silica and selenium. This final ingredient is the key element for the success of the avena sativa in the treatment of afflictions such as acne or dermatitis. Other major components are vitamin E, vitamin A and group B vitamins, along with various glucides, proteins and fats such as linoleic, oleic, palmitic or stearic acids.

RESULTADOS

Indicated in the deep cleansing of all skin types. Drags excess dead cells and Waste from the sebaceous and sweat glands. It stimulates the cellular regeneration of the stratum corneum, while Decongests the skin.

MODO DE EMPLEO

Apply a light layer of the product before leaving it exposed for 3 to 5 minutes. Once dry, massage softly using a circular movement to remove the product along with any excess grease, dead cells and waste product.

TIPO DE PIEL

All skin types

FRECUENCIA DE USO

Twice a week
