PRODUCTO: Peel-Off Green Coffee Wrap

REF:13IB53

FORMATOS: Jar 1 Kg

SPA LINE

DESCRIPCIÓN

Marine alginate based on Algae Laminaria Digitata that provides its soft and characteristic natural texture.

PRINCIPIOS ACTIVOS DESTACADOS

Laminaria Digitata

For its content in laminarine, marine mud, fucosterol and Alginic acid is given a slimming, sebostatic, normalizing and rebalancing properties of the epidermis. It belongs to the family of brown algae or neophytes and grows mainly on the underwater rocks of the Atlantic. This algae contains, among other components, the mucilages which give it emollient and tensor properties and therefore reafamination. It should be noted that in addition Contains large amounts of iodine and is therefore indicated for inclusion in slimming and reducing preparations.

Green coffee

Green coffee is high in chlorogenic acid, which prevents fat infiltration and stimulates lipid metabolism. The high content in theobromine and polyphenols provide softening, tonic and anti-oxidant properties. Caffeine helps to redefine the body contour.

RESULTADOS

Reduces volume and improves skin texture. Draining and detoxifying, helps to eliminate fluids. Leaves skin clean, soft and delicately scented with coffee.

MODO DE EMPLEO

To make the wrapping, it is necessary, to mix a part of product with 3 of water at room temperature. Beat vigorously for about one minute until smooth and homogenous. Then apply a thin layer of product on the surface to be treated. Leave on display for at least 10 minutes. Then, with a simple movement, it can be removed comfortably and without a trace, like a second skin.

TIPO DE PIEL

All skin types

FRECUENCIA DE USO

Once a week
