# FICHA TÉCNICA

**PRODUCTO:** Carrot hydrating emulsion

**REF:**13IB11

**FORMATOS:** Bottle 500 ml

**BODY LINE**

## DESCRIPCIÓN

Recommended for the protection and care of all skin types. In its composition, there are active dermoprotectors and tanning enhancers.

## PRINCIPIOS ACTIVOS DESTACADOS

Carrot oil (Daucus Carota). Rich in vitamin A and beta-carotenes. Carrot oil hydrates, nurtures and accelerates skin regeneration while normalizing sebaceous secretion.

Due to its content of beta-carotenes, it is ideal for sun creams since it favours the formation of melanin, producing a beautiful tan. It is also suitable for dry, wrinkled or saggy skin.

## RESULTADOS

Due to its soft, light and non-greasy texture, it is indicated to moisturize all types of skins, both after daily hygiene as after prolonged exposure to the sun.

## MODO DE EMPLEO

Apply daily after bathing or showering, performing a light massage over the entire body. It may also be used as a sun protector, but only on skin types that are accustomed to exposure to the sun.

## TIPO DE PIEL

All skin types

## FRECUENCIA DE USO

Daily use

## COMPOSICIÓN

WATER (AQUA), PARAFFINUM LIQUIDUM, PROPYLENE GLYCOL, STEARIC ACID, CETYL ALCOHOL, PEG-8 STEARATE, PARAFFINUM LIQUIDUM (AND) LANOLIN ALCOHOL, DIMETHICONE, DAUCUS CAROTA, SODIUM LAURYL SULFATE, FRAGRANCE, METHYLPARABEN, CARBOMER, SODIUM BORATE, QUATERNIUM 15, PROPYLPARABEN, C.I. 16.185, C.I. 19.140, HEXYL CINNAMALDEHYDE, CINNAMYL ALCOHOL, CITRONELLOL, LIMONENE, GERANIOL, HYDROXYCITRONELLAL, LILIAL, LINALOOL.
