DESCRIPCIÓN

A medium viscosity oil specific for the Vichy shower and water massage in general. Its lubricating power and low absorption capacity enhances and facilitates the manual work of the massager during the entire session.

PRINCIPIOS ACTIVOS DESTACADOS

Essential lavender oil. Antiseptic, healing and rubifying. Highly suitable in both muscular and articular massage for its soothing qualities.

Essential rosemary oil. Mitigates muscular pains and alleviates fatigue. It has analgesic, anti-rheumatic and stimulating properties.

Essential mint oil. Has a very refreshing effect due to its high menthol content. It also possesses antiseptic, stimulant and sedative qualities.

Wheat-germ oil. Principal natural source of vitamin E. It protects against free-radical actions that cause premature ageing. It softens the skin, hydrating it and improving elasticity. Prevents the formation of stretch marks.

Sweet almond oil. This is an emollient and of high nutritive value for the skin, hair and nails. It is especially recommended for dry skins and the prevention of stretch marks.

RESULTADOS

It offers an excellent performance leaving the skin hydrated and velvety. Relaxing and invigorating. It is very advisable for underwater body massages for relaxation and sports massage.

MODO DE EMPLEO

Apply a manual massage to the back and the rear parts of the legs while the patient is receiving a shower with thermal variation on the whole area being treated, stimulating the circulation and liberating muscular tension in the mentioned areas. Duration 20 ? 25 minutes.
