DATA SHEET

PRODUCT: Super-hydrating aloe facial mask

REF:13IB34

FORMATS: Bucket 500g

SPA LINE

DESCRIPTION

An aloe vera based facial mask, extraordinarily rich in polysaccharides, the main active ingredient of its healing, hydrating and soothing properties. It also contains various salts, acids, enzymes and minerals that contribute to its activity and efficiency.

FEATURED ACTIVE PRINCIPLES

Aloe Vera belongs to the family of asphodelaceae or liliaceae that grow in semi-arid zones of tropical and subtropical regions. Extraordinarily rich in primary polysaccharides responsible for its anti-inflammatory, healing, superhydrating, regenerating and soothing properties.

RESULTS

Extraordinarily moisturizing, soothing, healing and regenerating. Protector and repair of damage to the skin by the adverse effects of the measured environment.

HOW TO USE

Mix one part of the alginate with three parts water and apply the mixture onto the skin surface being treated.

This treatment hardens after a few minutes allowing the product to be removed in one movement as if it were a second skin.

TYPE OF SKIN

All skin types

FREQUENCY OF USE

Once a week

COMPOSITION

SODIUM PHOSPHATE, CI 77289, ALOE BARBADENSIS LEAF EXTRACT
