DATA SHEET

PRODUCT: Facial cleansing milk

REF:13IB39

FORMATS: Bottle 500 ml

FACIAL LINE

DESCRIPTION

Cleanses and removes make-up from all complexion types, even the most delicate. It restores the hydrolipidic layer of the skin, creating softness, freshness and smoothness. Due to its gentle nature, it may also be used for removing eye make-up.

FEATURED ACTIVE PRINCIPLES

Mint extract: Mint is grown in the temperate regions of Europe and Asia and prefers fresh and humid ground. In medicine, it is applied for the treatment of skin afflictions and insect stings. In cosmetics, mint extract is recognized for its astringent and soothing properties. The essential oil has antiseptic, refreshing, deodorant, carminative, sedative and invigorating properties.

Tea oil: Hydrates and provides a potent antioxidant action that protects the skin from free radical activity. It helps maintain a soft and elastic skin and prevents the visible signs of ageing.

RESULTS

Cleans and removes all types of skin, even the most delicate. It recovers the hydrolipidic mantle of the skin, providing softness, freshness and smoothness. For its softness can also be used as eye cleanser.

HOW TO USE

Apply morning and night with a light massage. Rinse with plenty of warm water and continue by applying the Paraíso Cosmetics facial invigorating lotion.

TYPE OF SKIN

All skin types

FREQUENCY OF USE

Every day
