REF:13IB30
FORMATOS: Bucket 1 Kg,Bucket 3 Kg

SPA LINE

DESCRIPCIÓN

A cacao based body wrap, of vegetable oil origin, rich in flavonoids that facilitate good ciruculation. The heat effect stimulates perspiration and consequently eliminates toxins and enhances the penetration of the active ingredients.

PRINCIPIOS ACTIVOS DESTACADOS

Theobroma cacao:
- Protector and repair of damage to the skin due to the adverse effects of the environment.
- Nourishing, moisturizes and softens the skin.
- Antioxidant and preventive of the appearance of wrinkles and lines of expression.
- Localized adiposity reducer.
- Firming and revitalizing.

Lithotammium Calcereum
It belongs to the family of red algae. It has the appearance of coral and is bathed in marine Limus, with high Concentrations of minerals. It is used in cosmetics, thalassotherapy treatments, in diets and has a high power Therapeutic thanks to its high content of calcium and magnesium.
Benefits
Activates lipid removal.
Tones the epidermis.
Remineralizes and revitalizes.

- Protector y reparador del daño producido en la piel por los efectos adversos del medio ambiente.

- Nutritivo, hidrata y suaviza la piel.

- Antioxidante y preventivo de la aparición de arrugas y líneas de expresión.

- Reductor de adiposidad localizada.

- Reafirmante y revitalizante.

Lithotammium Calcereum

Pertenece a la familia de las algas rojas. Tiene apariencia de coral y esta bañada en Limus marino, con altas concentraciones de minerales. Se utiliza en cosméticos, tratamientos de Thalasoterapia, en dietas y tiene un alto poder terapéutico gracias a su alto contenido en calcio y magnesio.

Beneficios

Activa la eliminación de lípidos.

Tonifica la epidermis.

Remineraliza y revitaliza.

RESULTADOS

Exfoliating, purifying, remineralizing, revitalizing, energizing and moisturizing. The heat effect will stimulate perspiration And will therefore remove toxins and allow penetration of active ingredients

MODO DE EMPLEO

- Mix 300g of the product with 350g of water to produce a smooth, even paste.

- Apply over the entire body, having previously cleansed the area being treated.

- Cover the person being treated with a thermal blanket or expose them to infrared light for minutes.

- After treatment, ensure the person being treated take a hot shower once the excess product has been removed.

TIPO DE PIEL

All skin types
