DESCRIPCIÓN

Emulsion Body Detox refreshing and firming formulated with vegetable extracts of mango, pineapple and mint. It hydrates and softens the skin leaving a thin film that prevents the transepidermal evaporation of the active substances, favoring the continuity of the treatment after the end of the session.

PRINCIPIOS ACTIVOS DESTACADOS

Pineapple: It has diuretic and detoxifying qualities that drive the elimination of toxic substances that can affect our health. Since it is able to fragment proteins and separate the cellulite tissue, it favors the mobilization and subsequent elimination of accumulated fats.

Due to its high content of antioxidants, it is ideal for combating the signs of premature aging caused by the action of free radicals.

Mint: It has antibacterial and anti-inflammatory properties and contains natural cooling properties that help to relieve swelling, stinging and redness of the skin.
